DETAILED ACTION

Response to Amendment

This Office Action has been issued in response to amendment filed 9 March 2006.

Claim Status

Claims 16-17 and 22-23 remain pending and are ready for examination.

Specification

The objection to the Abstract set forth in the Office Action dated 6 September 2005 has been withdrawn in light of the instant amendment.

Double Patenting

The Double Patenting rejection set forth in the Office Action dated 6 September 2005 has been withdrawn in light of the Terminal Disclaimer filed 9 March 2006.

Allowable Subject Matter

Claims **16-17** and **22-23** are allowed.

The following is an Examiner's statement of reasons for allowance: the prior art made of record fails to teach the combination including the limitation of:

(Claim **16**) "...judging whether a logical address space including the logical address matches the physical address space ...";

(Claim **22**) "...judging whether a logical address space including the logical address matches the physical address space ...";

As dependent claims **17** and **23** depend from an allowable base claim; they are at least allowable for the same reasons as noted *supra*.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
